

Event Parking at the CFO

The Community Foundation of the Ozarks has a limited number of parking spaces available in our staff parking lot. For organizations using the board room or community room, the following parking areas may be available:

- 1 In the CFO parking lot—**do NOT park in the lot east of the CFO office**
- 2 Along the southeast side of the Vecino Group parking garage—**do NOT park in the garage**
- 3 Streetside parking along North Jefferson

Carpooling is strongly suggested. Additional public parking lots and garages are available a short distance away to the west, along Boonville Avenue and McDaniel Street. Due to the major construction project across the street from the CFO, street parking may also be reduced at times.
